eXact Clear Orthodontic Adhesive is a medium-high viscosity light cure adhesive. This innovative adhesive system can be used for metal, plastic or ceramic attachments and cures completely clear – making it an exceptional system for aesthetic brackets.

eXact Clear Orthodontic Adhesive has exceptional workability/tack properties to prevent bracket drift, produces little flash and is extremely easy to clean up.

- Excellent tack properties to prevent bracket sliding
- Cures clear and produces little flash for minimal clean up
- * Complete wetting of the bracket mesh and prepared tooth surface for a secure bond
- For use on metal or ceramic brackets
